## 2011 ANNUAL FIRE FUND DRIVE

### Our Annual Fund Drive is underway.

Our members are your friends and neighbors who proudly serve you 24 hours a day. We stand professionally trained and ready to respond to your emergency calls for help. We are grateful for the support you have given us in the past and we hope we can count on you again this year. This year we are replacing our current EMS vehicle to better serve our community. Our present vehicle is beginning to show its age. The new Suburban will cost \$58,000. We have planned carefully to

keep the cost of the vehicle as low as possible. We will hopefully have taken delivery of this new vehicle by the time this letter reaches you. Funds contributed to this fund drive will be used to help repay the loan to purchase this rescue truck. The EMS vehicle is significant for the service we are called upon to provide our community and is our most used apparatus. The calls for rescue service continue to increase. The new truck is needed to continue the well respected rescue service provided, to you, by the Oswego Town Volunteer Fire Department. THANK YOU!
